

# Adult Retreat Registration

Thank you for your interest in our retreats! To make your registration process as smooth as possible, please read the following instructions. There are two options to choose from. Let us know which option is the best for your group.

## 1. Online Registration

**This option works best if everyone in your group is paying their own way.** Have each member of your group register online at [blbc.com](http://blbc.com) for the appropriate retreat weekend. Each camper will create an online account and pay in full at time of their individual registration. Campers will need to add the group name to the cabin mate/group request to ensure they are housed with your group. A list will be sent to you as registrations are made so you can know who is registered.

## 2. Registration through a Group Leader

**This option works best if the church will be paying part or all of a camper's registration.** Each camper will "register" through your group leader, who will in turn submit camper names and payment to Bair Lake. Each camper/participant will need to fill out an online Activity Participation form in advance to their arrival on grounds. The form can be found at this link: <https://registration.campbrain.com/Default.aspx?H=BairLakeBibleCamp&G=1263>. Registration will not be complete until full payment and Activity Participation Form are submitted through Bair Lake. The group leader will be responsible for communicating camper names and housing preferences to Bair Lake, as well as providing campers with the above link.

Your main contact will be Megan Fuhrman, Office Manager. Megan can be reached by phone (269) 244-5193 ext 200 or email [megan@blbc.com](mailto:megan@blbc.com).
